The Center for Innovative Public Health Research (CiPHR) is excited to announce a call for a postdoctoral association position in the area of adolescent LGBT health. The fellow will assist in the development of healthy sexuality programming under the mentorship of Michele Ybarra, MPH PhD. Dr. Ybarra is President and Research Director of CiPHR, a non-profit (501c3) public health research organization funded by the National Institutes of Health and the Center for Disease Control and Prevention to design and implement national epidemiological surveys and prevention programming. Dr. Ybarra has a long track record of mentorship, federal funding, and peer-reviewed publication.

Eligible candidates should have a doctoral degree in public health or related discipline and be of Minority Race or Ethnicity, defined by: African Americans, Hispanic Americans, American Indians, Alaska Natives, Native Hawaiians, and other Pacific Islanders. Applications should have excellent interpersonal skills and strong training in applied research and advanced quantitative statistical modeling. The training can be tailored to suit the individual’s requirements. The trainee will have the opportunity to participate in authorship on relevant manuscripts, collaborative grant writing opportunities, and independent grant submissions. The position provides exceptional mentored training opportunities to develop research skills and collaborate with a dynamic, federally funded, multidisciplinary team of investigators. The position is contingent upon successful funding of an NIH research supplement to promote diversity in health-related research. It will be annually renewable for up to two years, with a flexible start date, excellent resources for career development and liberal benefits. Conference travel and other training experiences also will be supported.

San Clemente is a vibrant beach community in southern California. Combining the best of cruisy beach town culture and nearby metropolitan living, San Clemente has a wide selection of cultural and entertainment offerings, including public museums, music and arts festivals, and professional sports teams.

Application Instructions:
A letter of interest and CV may be submitted via email to: Shaadi@InnovativePublicHealth.org.
