In Collaboration with the U.S. Department of Health and Human Services’ Office on Women’s Health

Invites You to:

A Stakeholder Input Webinar
Friday, January 11, 2013
4:00 PM EST

The purpose of this webinar is to review the charge to the working group, and to get input from you on how to best meet this charge. Questions we are asking include:

1. What is needed to best address both violence and HIV among women and girls?
2. What are model programs and promising practices in addressing the intersection of HIV/AIDS and violence against women and girls?
3. What are barriers to reaching women and girls affected by HIV and violence?
4. What are the most effective strategies to reach women and girls who are living with violence and with HIV?

Please register to participate at www.blsmeetings.net/HIVVAWWebinar. You will receive instructions for login into the webinar after your registration has been confirmed. If you have any problems with registration, contact Sara Baeth at sbaeth@seamoncorporation.com or 301-577-0244 ext. 7192.

Note: This is not your only opportunity to provide feedback. Additional stakeholder webinars will be held in the following months.

We look forward to your participation!
