Participants Needed for Women’s Health Study

Emory University and the Grady Health System are recruiting participants for a Women’s Health Study

Do you qualify?

Are you:
- Female
- Age 18-44
- HIV-negative
- Not currently pregnant

In the past 5 years, have you done or had one or more of the following:
- Used intravenous drugs, cocaine, crack, or methamphetamines
- Had a sexually transmitted infection
- Had unprotected sex with more than 4 men
- Had protected sex with more than 6 men
- Had sex with a known HIV+ man
- Had sex in exchange for drugs, money, or shelter
- Been with a partner that meets any of the above criteria

If you would like to learn more about the study or schedule an appointment, please contact the researchers at (404) 712-1924
